

RiskMap 2011

Control Risks is a global risk consultancy specialising in political, security and integrity risk. We help our clients to understand and manage the risks of operating in complex or hostile environments.

Our unique combination of services, our geographical reach and the trust our clients place in us, ensures we can help them effectively solve their problems and realise new opportunities across the world.

www.control-risks.com

Published in November 2011, RiskMap gives annual ratings of the likely security and political risks organisations might face operating in countries around the world over the year ahead. Control Risks' online Country Risk Forecast service provides daily updates on political, operational, security and terrorism risks worldwide. For further details or a trial of the site, please contact trial@control-risks.com.
